

# Once Upon a Time in Ormeau...

## Bunting Instructions

1. Cut a triangle in green / blue / orange material measuring 25cm along 2 sides, and 20cm along one side.

2. Cut a square from the sticker strips measuring 5.5 boxes using the grid on the back (10cm by 10cm)

3. Draw a Christmas image on the sticker square: Santa hat, Xmas tree, snowman -anything else you can think of! Or follow the snowflake instructions to cut a snowflake instead.

4. Cut out your drawing and stick it on your triangle. Add one staple to the middle of the sticker to make sure it doesn't come off.

5. Add everyone's together, making sure there's a good mix of colours of triangles. Fold the shortest side over the ribbon, staple 3 times (left, right and middle) and then add the next triangle.

6. When you've finished your stretch of bunting, make sure to leave a few feet on each end of the ribbon for tying.
