

Once Upon a Time in Ormeau...

Snowflake Instructions

1. Cut a square of white material 15cm by 15cm.
2. Fold in half to make a rectangle, fold in half again to make a square, and fold in half a third time so you have a triangle.
3. Cut lots of little triangles from all around the edges of your triangle. Be careful with the scissors, lots of layers can be tough to cut!
4. When you have finished, unfold your shape to reveal a beautiful unique snowflake!
